

# Yamaha AR230 High Output

## Brief Summary

The AR230 HO is one of Yamaha's popular direct drive sportboats which allows you to get into some rather shallow water to enjoy a favorite beach without getting your knees wet. The AR230 HO has twin jet drive engines made specifically for the marine environment and everything is built into the hull rather than hanging down limiting the depth of water you can enter safely.

## Price

**Base Price** \$38999.00
