

Chris-Craft Corsair 25 (2009-)

Brief Summary

In the Corsair line Chris-Craft has captured an harmonious combination of nautical tradition, high style and romance, building a boat that takes us back to a time when arriving wasn't the goal, but arriving in style, luxury and comfort was. The Chris-Craft of today does all that and more. In the Corsair 25 our test revealed that we need to add performance to the list as well.
