

Sun Tracker Party Barge 25 (2011-)

Brief Summary

We could not resist showing you the latest evolution of the Sun Tracker Party Barge 25, with 26" diameter multichambered pontoon logs and several new features for 2011. Having a proper balance of comfortable seating and usable deck space is the key to a great pontoon design and we think this model has it. Although this video was produced by Sun Tracker, it covers all the items we would show you anyway. And with a boat/motor/trailer package priced at under 30K, it is well worth your time to watch.
