

# Boston Whaler 170 Dauntless (2014-)

## Brief Summary

Boston Whaler has taken its popular Dauntless line and extended it lower with the 170 Dauntless. This center console has been carefully designed to perform a number of missions for an active water-oriented family: fishing, towing, sun bathing, swimming, and just cruising along the coastline with friends or the family dog. Because she weighs only 1,680 lbs. (762 kgs.), without the engine, she can be easily trailered. With a 6'10" beam (2.08 m) she is a cinch to launch and will fit in virtually any garage.

## Price

**Base Price**\$36694.00

*Prices, features, designs, and equipment are subject to change. Please see your local dealer or visit the builder's website for the latest information available on this boat model.*
