Builder Commentary

Drawing upon the best features of our current model line up and combining them with feedback from our customers and dealers, our engineers designed the **36 Express** to be rugged enough to take on the toughest seas and still provide the smooth, dry ride with the refined style that defines an **Albemarle**.

Built to be a flat-out fishing machine that is nimble enough to be managed by a crew of two, the **36 Express** comes with an exhaustive list of standard high-quality, full-on fishing features. The centerline helm pod with 360-degree visibility and deep gunwales make it perfect for the serious tournament angler or charter captain. The first-class living quarters boast numerous luxury upgrades and a well-appointed galley. The intelligent cabin configuration allows plenty of sleeping and entertaining options that make the 36 livable enough to spend a week heading for the next hot bite or just cruising. Proven to raise fish and Carolina tough, the 36 Express has already established itself as one of the most sought-after sportfishing boats on the water.
