Builders Commentary

The Sealine C530 marks the impressive culmination of the Cruiser series. Here you can experience Sealine’s renowned convertible feeling in overwhelming dimensions. The expressive shape of the hull windows leaves no doubt about the origin of this dream yacht. The six-meter-long panoramic windows and the large sunroof allow natural light to flood into every corner of the saloon. Outside, the extra-large bathing platform and the grill lend exclusivity to live on board. Inside, comfort awaits you with thought lavished on even the smallest details - from the separate wine fridge to the rain shower in the owner's bathroom. Across three double cabins and two bathrooms, you and your guests will enjoy the luxury of the C530. Aft there is a large storage space, which can be converted into a crew cabin.
