# Builders Commentary

This innovative and stylish line boasts motor yachts ranging in size from 43 to 86 feet. The very first in the Artemis line of motor yachts features an open interior layout with two staterooms: a forward queen-sized berth and a mid-ship double berth cabin. Both of the staterooms have their own access to ample heads each with an enclosed shower stall, and there is significant room for a comfortable salon that is accessed from the cockpit by a sliding glass door. The Artemis 48 is built to the high standard of any other Selene Yachts. With its twin Yanmar power-plant, the Artemis takes you in the fast lane, and the boat comes standard with a Kohler 9Kw. generator with a sound-shield, muffler and remote start switch panel located at the helm.

With air-conditioning, electric BBQ, a powerful sound system, optional KTV display, hair-dryers or ice-machines, the electric configuration of the Artemis 48 is designed for luxury and comfort. Other luxury features include Cantalupi lights, Corian countertops, 5” foam mattresses, Scandvik transom shower, Oceanair shades, Manship hatches, Hynautic engine controls, Tecma toilets, Grocco pressure pump, Grohe faucets, ZF, transmission, Victor charger, Bennett trim-tabs, Maxwell windlass, and ESI fuel polish, one can see the Artemis 48 is equipped with the best marine products! Selene designers and engineers never compromise with safety, durability and quality, not to mention our legendary cabinetry and varnish work. We are sorry but we don’t have a long list of options for the Artemis because everything you need already comes standard on this boat! With your Artemis 48 you will enjoy many years of relaxed and safe cruising in style...
