Builders Commentary

Racing out to new destinations is what the elegant Squadron 68 is designed for. Take in your surroundings from the elevated flybridge, with the breeze on your face and the horizon all around you. Dine with friends in the single-level saloon, served from the well-equipped galley. Lightness, space, and a fluid design make time above or below deck both graceful and free-flowing. With no question, this is a yacht that will move you.

Spend all day on the expansive flybridge, with three individually-styled areas to suit your mood. From triple sun loungers to sumptuous dining to forward seating, the Squadron 68 adapts to whatever you want to do, whenever you want to do it. Whether resting at anchor or cruising offshore, adjust your environment to enhance your experience, just the way you like it.

With contemporary styling by Alberto Mancini, the Squadron 68 is effortlessly modern. Packed with the latest technologies, the highest quality of materials and made, by hand, in England. The new Squadron 68 pairs fashionable convenience with a considered layout ensuring family adventures beckon every time you approach its sheer, alluring beauty.
